

THE UPS TIMES

ACADEMIC YEAR: 2026-27

PERIODIC PERIOD - 1
(JUNE & JULY)

ABOUT UPS

VISION

To provide a holistic learning environment to enlighten and empower young minds to become leaders in the knowledge economy.

MISSION

Our mission is to provide world class education in a dynamic learning environment to foster creativity, cultivate love for learning, and develop academic, social and critical thinking skills to empower our students to become knowledgeable, confident, and responsible global citizens.

Highlights of UPS

- **International Standard Montessori & Innovative AI Labs** provide a future-ready learning experience through hands-on, experiential education.
- **NEET / IIT-JEE Integrated Coaching** empowers students with strong academic foundations and competitive exam preparation from an early stage.
- **A Green Lush Campus** Environment offers a safe, serene, and inspiring space that nurtures holistic growth and joyful learning.

Learning and Development Corner

At The United Public School (UPS), learning extends beyond textbooks through a balanced blend of scholastic and co-scholastic activities. Our academic programs foster critical thinking, creativity, communication, and problem-solving, while hands-on experiences in AI, robotics, science, languages, and mathematics strengthen conceptual understanding.

Co-scholastic opportunities including sports, arts, music, dance, yoga, NCC, Scouts & Guides, leadership programs, and community service nurture confidence, discipline, teamwork, and character. UPS is committed to developing well-rounded learners who excel academically and grow into responsible global citizens.

Seeds of Wisdom

“Every child has the potential to shine when nurtured with knowledge and values.”

The United Public School joyfully welcomed students back to campus for the new academic year 2026–2027. The reopening marked the beginning of another exciting journey filled with learning, creativity, and holistic development. Our vibrant campus came alive as students reunited with their teachers and friends, ready to explore new opportunities and achieve greater milestones.

We extend a warm welcome to all our students and wish them a joyful, enriching, and successful academic year ahead.

School Reopening 2026–2027

GRADE	REOPENING DATE
PRE KG	18.06.2026
JUNIOR KG	10.06.2026
SENIOR KG & GRADE I	09.06.2026
II - VIII	04.06.2026

Seeds of Wisdom: "Curiosity opens the door to discovery, and education gives us the key."

ORIENTATION (SCHOLASTICS & CO-SCHOLASTICS)

To ensure a smooth and successful start to Periodic Planner – I (PP1), The United Public School conducted an orientation programme for students. The session familiarized learners with the PP1 academic planner, assessment pattern, learning objectives, and the schedule of scholastic and co-scholastic activities.

Students were guided on effective study habits, project-based learning, skill development, sports, arts, clubs, and value-based activities that form an integral part of holistic education at UPS. The orientation encouraged students to set meaningful goals, stay organized, and actively participate in every aspect of school life, laying a strong foundation for academic excellence and all-round development.

NATIONAL & INTERNATIONAL DAYS

JUNE		
DATE	OBSERVANCE	
5 June	World Environment Day	
7 June	World Food Safety Day	
8 June	World Ocean Day	
19 June	National Reading Day	
21 June	National Father's Day	
21 June	International Yoga Day	
22 June	World Camel Day	

JULY		
DATE	OBSERVANCE	
1 July	National Doctors' Day	
3 July	International Plastic Bag Free Day	
16 July	World Snake Day	
17 July	World Day for International Justice	
20 July	International Chess Day	
26 July	Kargil Vijay Diwas	
28 July	World Nature Conservation Day	
29 July	International Tiger Day	

Seeds of Wisdom: "Success begins with a question, grows through learning, and flourishes with perseverance."

At The United Public School, National and International Days are celebrated as meaningful learning experiences that connect classroom education with real-world values. Through special assemblies, awareness campaigns, hands-on activities, guest talks, competitions, cultural performances, and community outreach, students develop social responsibility, environmental consciousness, patriotism, and global citizenship.

During June and July, UPS observed significant days including World Environment Day, World Food Safety Day, World Ocean Day, National Reading Day, Father's Day, International Yoga Day, World Camel Day, National Doctors' Day, Plastic Bag Free Day, World Snake Day, International Justice Day, International Chess Day, Kargil Vijay Diwas, World Nature Conservation Day, and International Tiger Day.

Each celebration encouraged students to explore important themes such as environmental sustainability, healthy living, reading habits, family values, wellness, wildlife conservation, justice, strategic thinking, and respect for the sacrifices of our nation's heroes. These observances reflect UPS's commitment to nurturing informed, compassionate, and responsible global citizens.

OFFICE BEARER SELECTION

The Office Bearer Selection at

The United Public School was conducted to foster leadership, responsibility, and democratic values among students. Through a transparent and fair selection process, deserving students were chosen to represent the Student Council for the academic year.

The programme encouraged students to develop confidence, decision-making skills, teamwork, and a spirit of service. The newly elected office bearers pledged to uphold the school's values, lead by example, and work towards creating a positive and inclusive school community.

Seeds of Wisdom: “Every special day is a reminder to learn, care, and make a difference.” 5

INVESTITURE CEREMONY - 20th June, 2026

The United Public School celebrated the Investiture Ceremony and International Yoga Day with great enthusiasm on 20 June 2026. The event was graced by

Dr. S. Bhuvaneshwari, District Sports and Youth Welfare Officer (DSYWO), Coimbatore, as the Chief Guest.

The ceremony began with the oath-taking of the newly elected Student Council, symbolizing leadership, responsibility, and service. In her inspiring address, the Chief Guest encouraged students to embrace discipline, confidence, and teamwork as the qualities of future leaders.

The celebration continued with a spectacular mass drill display, showcasing synchronization, fitness, and coordination. Students presented vibrant performances including Hoop drill with Hula Hoops, Dumbbell drill, Lezim drill by the girls, and wand drill by the boys. A graceful Yoga Asana demonstration highlighted the importance of physical and mental well-being.

FIELD TRIPS

Date	Destination	Grade
01.07.2026	Aavin Industry	Grade VII
02.07.2026	Kallar	Grade V
03.07.2026	Traffic Park	Grade II
07.07.2026	CODISSIA Science Fair	Grade IV
08.07.2026	Omni Library	Grade VIII
10.07.2026	G.D. Museum	Grade III
15.07.2026	Anjaneya food industry	Grade VI
22.07.2026	CODISSIA	Grade IX
30.07.2026	UCON	Jr. KG
31.07.2026	UCON	Sr. KG

At The United Public School, field trips are an integral part of experiential learning. Every visit is thoughtfully planned to connect classroom concepts with real-world experiences, enabling students to observe, explore, and discover beyond textbooks. These educational journeys nurtured curiosity, creativity, environmental awareness, scientific thinking, and life skills while creating joyful memories for our learners.

Aavin Industry

Students gained firsthand knowledge of the dairy industry by observing milk collection, pasteurization, packaging, quality control, and hygiene practices. The visit enhanced their understanding of food processing and industrial technology.

Kallar

Surrounded by the beauty of nature, students explored rivers, forests, flora, and fauna while learning the importance of biodiversity, water conservation, and environmental stewardship.

Traffic Park

An interactive road safety programme introduced students to traffic signals, pedestrian rules, zebra crossings, and responsible road behaviour through practical demonstrations and fun activities.

CODISSIA Science Fair

Students experienced innovative scientific models, robotics, experiments, and interactive exhibits that inspired creativity, inquiry, and a passion for STEM learning.

Omni Library

The library visit encouraged independent learning as students explored an extensive collection of books, digital resources, and research facilities, strengthening their reading and information literacy skills.

FIELD TRIPS

G.D. Museum

Students travelled through history by observing ancient artefacts, sculptures, traditional crafts, and cultural exhibits, developing an appreciation for India's rich heritage.

Anjaneya Food Industry

The industrial visit introduced students to manufacturing processes, workplace safety, quality assurance, and modern production systems, bridging classroom learning with industry practices.

CODISSIA

Grade IX students explored CODISSIA Trade Fair Complex to explore innovative science, technology, industrial, and entrepreneurial exhibits. The educational visit provided hands-on exposure to emerging technologies, creative inventions, engineering models, and career-oriented displays, inspiring curiosity, innovation, and future-ready thinking among students.

These field trips reflected UPS's commitment to experiential and holistic education, where every destination became a classroom and every experience inspired lifelong learning.

UCON – United College of Nursing

Our Kindergarten tiny tots, visited the nursing college to learn about healthcare helpers, basic hygiene, kindness, and caring for others through interactive activities.

FIELD TRIPS

Seeds of Wisdom: “Every journey outside the classroom opens a new chapter of learning, curiosity, and discovery.”

Kindergarten

Learning Activities

ALPHABET SOUND HUNT - 30th June, 2026

On 30th June 2026, our **Senior KG** students participated in an engaging “Alphabet Sound Hunt” activity using colourful flash cards. The activity encouraged children to identify letters, recognize their corresponding sounds, and match them with familiar words and pictures. Through this fun-filled learning experience, students strengthened their phonics skills, vocabulary, listening ability, and sound recognition while actively exploring the world of letters.

PATTERNS - 03rd July, 2026

On 3rd July 2026, our **Junior KG** students enthusiastically participated in the English activity “Patterns through pebbles.” Using colourful pebbles, the children observed, arranged, and created simple patterns in an enjoyable hands-on manner. The activity helped strengthen their observation, sequencing, concentration, creativity, and logical thinking skills, while making learning engaging and meaningful.

EXPLORING NUMBERS - 08th July, 2026

On 8th July 2026, our **Junior KG** students participated in a fun-filled Math activity titled “Exploring numbers 1 to 4.” Through colourful number cards, counting objects, and interactive movement-based tasks, the children identified, counted, and matched numbers from 1 to 4. The activity strengthened their number recognition, counting skills, observation, coordination, and confidence, making early numeracy learning joyful and engaging.

Seeds of Wisdom: “Little activities build big skills.”

BIG & SMALL ACTIVITY - 10th July, 2026

On 10th July 2026, our **Pre KG** children enthusiastically participated in the “Big & Small” activity, designed to introduce the basic concept of size through hands-on learning. A variety of familiar objects were presented, and the children carefully observed, compared, and sorted them into big and small groups.

The activity encouraged the young learners to identify differences in size and use the words big and small confidently in simple conversations. By touching, comparing, and classifying real objects, the children were able to understand the concept in a meaningful and enjoyable way.

This interactive learning experience helped enhance their observation, comparison, classification, vocabulary, concentration, and logical thinking skills, while also building confidence through active participation.

GREEN DAY CELEBRATIONS - 16th July, 2026

The United Public School celebrated Green day with great enthusiasm, creating awareness about nature and the importance of protecting our environment. The campus came alive with vibrant shades of green as students and teachers joined together to promote the message of sustainability.

Classrooms were beautifully decorated with green-themed displays, leaves, trees, and eco-friendly craft work. Students arrived in green attire, adding colour and excitement to the celebration. They creatively prepared green objects using chart materials and proudly exhibited their models, posters, and handmade crafts. Young learners confidently spoke about the significance of green objects, plants, trees, and environmental conservation, enhancing their communication and presentation skills.

The celebration inspired students to love nature, practice eco-friendly habits, and become responsible caretakers of our planet. It was truly a joyful and memorable day filled with learning, creativity, and fun.

EMOTIONS - 17th July, 2026

On 17th July 2026, our **Senior KG** students participated in an engaging General Awareness activity on “Emotions.” Through expressions, pictures, and interactive discussions, the children explored different feelings such as crying, excitement, happiness, tiredness, anger, and sadness.

The activity helped the young learners identify and name their emotions, understand how different feelings are expressed, and recognize emotions in others. It also encouraged them to communicate their feelings in a healthy and confident manner. This meaningful activity supported the development of emotional awareness, vocabulary, observation, empathy, and social skills in a joyful and age-appropriate way.

SENSE OF ORGANS - 20th July, 2026

On 20th July 2026, our **Junior KG** students participated in an engaging General Awareness activity on “Sense Organs.” Through colourful visual aids, real objects, and hands-on exploration, the children learned about the five sense organs – eyes, ears, nose, tongue, and skin and their functions.

The activity helped the young learners understand how we see, hear, smell, taste, and feel the world around us. By observing and interacting with different materials, the children developed their sensory awareness, vocabulary, observation, communication, and thinking skills in a joyful and meaningful way.

Seeds of Wisdom: “Every activity is a new opportunity to learn and grow.”

MOVIE TIME

Our young learners enjoyed a delightful Movie Time experience with age-appropriate animated films selected for each grade. **Pre KG students watched The Gruffalo, Junior KG enjoyed Encanto, Senior KG watched The Land Before Time, and Grade 1 students explored the colourful world of Zootopia.**

The activity provided a joyful break from routine learning while encouraging imagination, listening, observation, emotional understanding, and language development. Through engaging characters and meaningful stories, the children explored values such as friendship, courage, kindness, family bonds, teamwork, and perseverance. Movie Time created a cheerful shared-learning experience filled with curiosity, laughter, and memorable moments.

Seeds of Wisdom: "Every movie tells a story; every story teaches something."

Primary School - Enrichment Activities

உயிர் எழுத்துக்களில் குறில் நெடில் அடையாளம் காணுதல் - 01st July, 2026

தமிழ் மொழியின் அடிப்படை அறிவை வலுப்படுத்தும் வகையில், மாணவர்களுக்கு “உயிர் எழுத்துக்களில் குறில் மற்றும் நெடில் அடையாளம் காணுதல்” என்ற செயற்பாடு நடத்தப்பட்டது. மாணவர்கள் உயிர் எழுத்துகளை ஆர்வத்துடன் கண்டறிந்து, அவற்றை குறில் மற்றும் நெடில் என சரியாக வகைப்படுத்தினர். விளையாட்டு மற்றும் செயல்வழிக் கற்றல் முறையின் மூலம் நடைபெற்ற இச்செயற்பாடு, அவர்களின் எழுத்தறிவு, உச்சரிப்பு திறன், நினைவாற்றல் மற்றும் மொழித்திறனை மேம்படுத்த உதவியது.

LINE UP & FIND YOUR POSITION - 07th July, 2026

On 7th July 2026, our **Grade 1** students took part in an engaging Math activity titled “Line Up and Find Your Position.” The activity was designed to help children understand ordinal numbers such as 1st, 2nd, 3rd, 4th, 5th and so on through a simple and interactive classroom experience.

Students were asked to stand in a line and identify their position by observing who stood before and after them. They then used ordinal terms to describe their places correctly. By learning through movement and participation, the children were able to connect the mathematical concept with a real-life situation.

The activity strengthened their understanding of number order, sequencing, positional vocabulary, observation, and logical thinking. It also encouraged active participation, communication, and teamwork, making the learning experience both enjoyable and meaningful.

Seeds of Wisdom: “Every activity is a new opportunity to learn and grow.”

GREETINGS IN HINDI - 13th July, 2026

On 13th July 2026, our **Grade 1** students participated in an engaging Hindi activity on “Greetings in Hindi.” Through colourful visual displays and simple everyday expressions such as शुभ प्रभात (Good Morning), धन्यवाद (Thank You), माफ कीजिए (Sorry), कृपया (Please), शुभकामनाएँ (Best Wishes), and नमस्ते (Hello), the children learned how to use polite greetings and courteous words in daily communication.

The activity helped improve their Hindi vocabulary, pronunciation, speaking confidence, and social communication skills, while also encouraging the values of respect, politeness, and good manners in a joyful and interactive way.

LULLBY ACTIVITY - 21st July, 2026

On 21st July 2026, our **Grade 1** students participated in a soothing and enjoyable “Lullaby Activity.” The children listened to and recited simple lullabies with gentle rhythm and expression, helping them appreciate the beauty of language, music, and emotions.

The activity encouraged listening skills, pronunciation, memory, rhythm, expression, and vocabulary development. It also created a calm and joyful learning environment while helping students connect words with feelings and imagination.

Seeds of Wisdom: “Learning beyond the classroom builds life skills.”

TYPES OF ANGLES

Our **Grade IV** students explored the fascinating world of angles through an engaging hands-on activity. They learned to identify different types of angles—acute, right, obtuse, straight, and complete angles—and discovered how these angles are found in everyday life.

Using clocks, books, doors, road signs, scissors, and playground equipment, students observed and measured angles in real-world objects. This activity helped them connect mathematical concepts with practical applications, making learning meaningful and enjoyable.

The session encouraged curiosity, observation, and critical thinking while strengthening their understanding of geometry. Our young mathematicians truly realized that angles are everywhere around us!

SEED GERMINATION

Our UPS **Grade V** students explored the amazing process of seed germination through a hands-on experiential learning activity. By observing seeds sprout and grow under suitable conditions, students understood the essential requirements for germination, including water, air, and warmth.

The activity encouraged curiosity, observation, and scientific thinking while helping students connect classroom concepts with real-life experiences. Watching the tiny seeds develop into young seedlings made learning Science engaging, meaningful, and memorable.

Seeds of Wisdom: “Observe, explore, discover – the journey from seed to plant.”

Middle School - Experimental Learning Activities

Fascinating Facts About Large Numbers

Grade VII students delved deeper into the world of large numbers through a series of interesting and thought-provoking mathematical activities. The session helped them understand how large numbers are structured, read, written, compared, and represented in different forms.

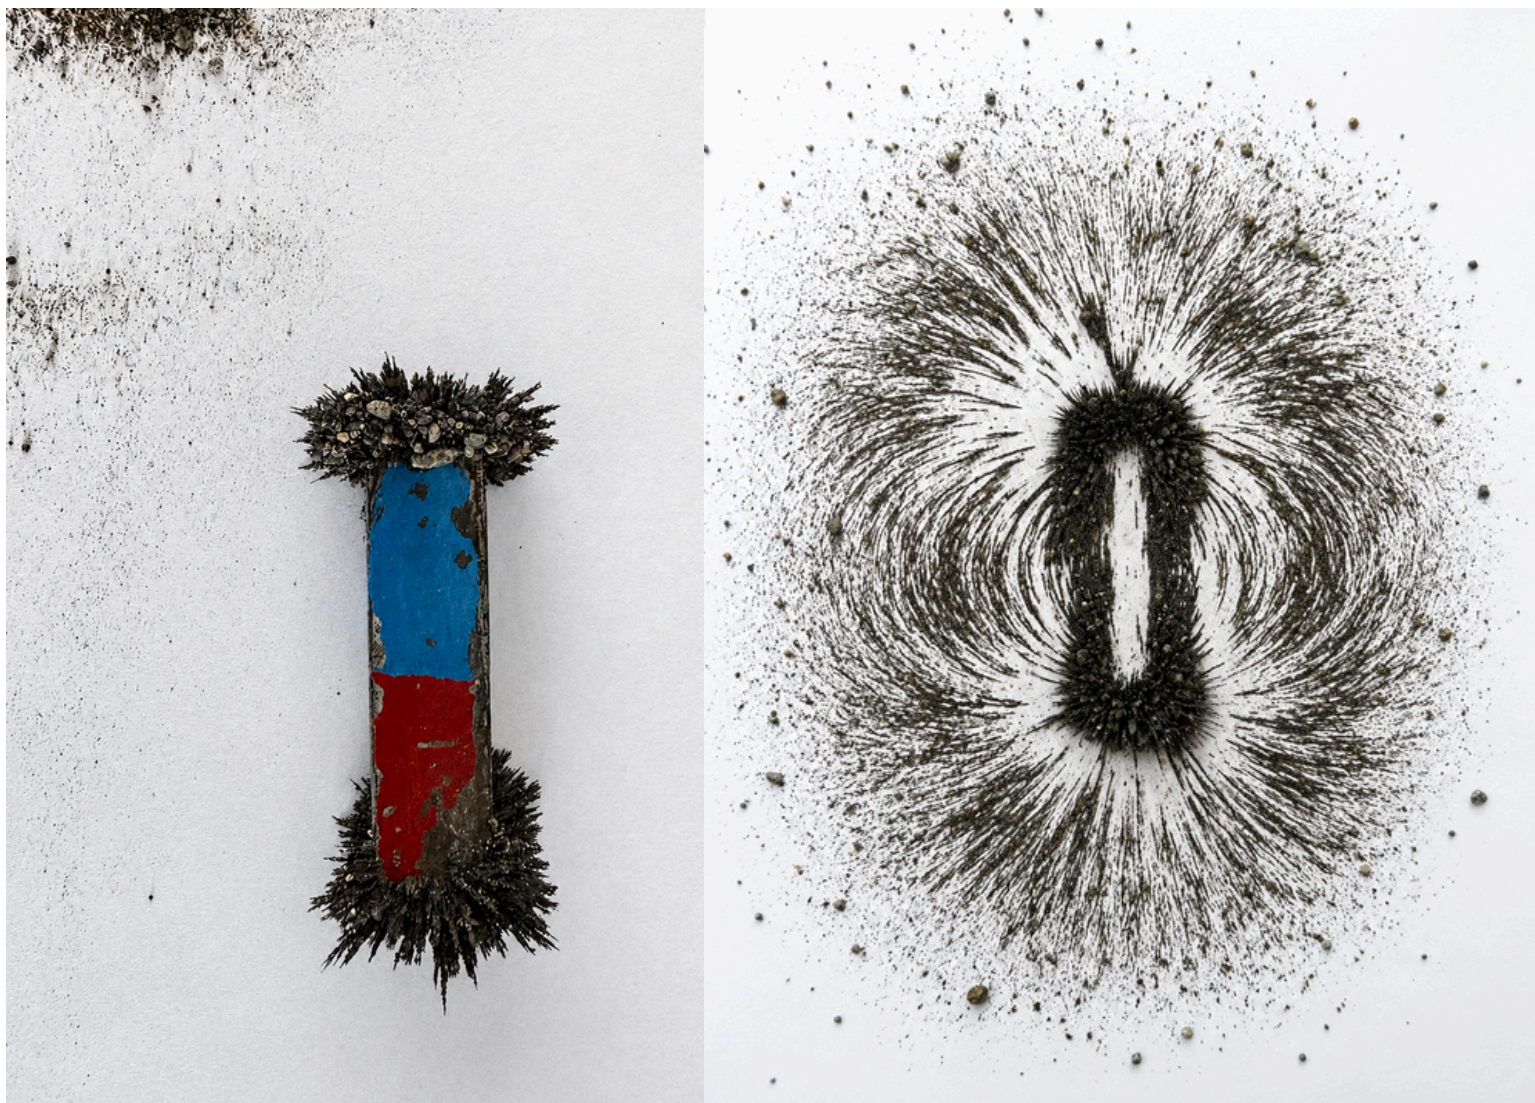

Students practised using place value to form and expand numbers accurately and explored the differences between the Indian and International systems of numeration. They confidently worked with values involving lakhs, crores, millions, billions, and trillions, while also learning to compare and arrange numbers using appropriate mathematical symbols.

The activity further strengthened their skills in rounding off, estimation, and interpreting numerical information. Real-life examples enabled students to connect large-number concepts with practical situations such as population, distances, financial figures, and statistical data.

Through discussion, observation, and problem-solving, students enhanced their number sense, logical thinking, accuracy, and mathematical communication. The learning experience made large numbers more meaningful, helping students recognize numerical patterns and explain mathematical relationships with greater confidence.

Seeds of Wisdom: “Every big number begins with a single digit.”

Exploring magnets

Grade VI students explored the fascinating world of magnets and magnetic fields through an engaging hands-on activity. Using magnets and iron filings, they observed how the filings arranged themselves along the invisible magnetic field lines, clearly revealing the pattern around the poles of a magnet.

This activity helped students understand important concepts such as magnetic attraction, magnetic poles, and the formation of magnetic field lines in an interesting and practical way. By observing science in action, students strengthened their curiosity, analytical thinking, and understanding of magnetic forces beyond the textbook.

“Learning becomes meaningful when science is explored through observation and experience.”

Seeds of Wisdom: “Magnets make the invisible visible—revealing the unseen forces that shape our world.”.

SPELL BEE EXAM - 24th July, 2026

The Spell Bee Examination provided students with an exciting opportunity to strengthen their command of the English language. Through carefully selected words, students demonstrated their spelling accuracy, vocabulary, pronunciation, listening skills, and confidence.

The examination encouraged learners to explore new words, understand correct letter patterns, and develop greater interest in language learning. It also promoted concentration, memory, and healthy academic competition, making the experience both challenging and rewarding.

LITERARY CONTEST - 08th July & 11th July, 2026

Literary Contest – Celebrating Creativity and Expression

The Literary Contest was conducted in two phases on 8th July and 11th July 2026, providing students with a vibrant platform to showcase their creativity, communication skills, imagination, and confidence.

The first phase, held on **8th July 2026**, focused mainly on writing-based activities. Students from Grades 3 to 8 participated in events such as Descriptive Writing, Creative Writing, Picture the Scene, Reflective Writing, Script Writing, and Newsletter Writing.

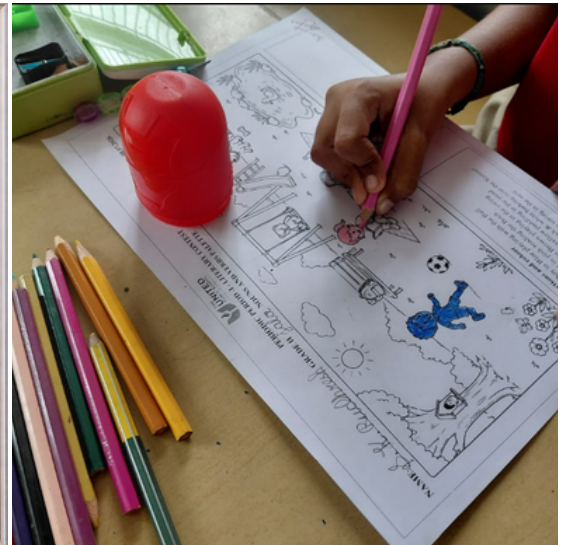

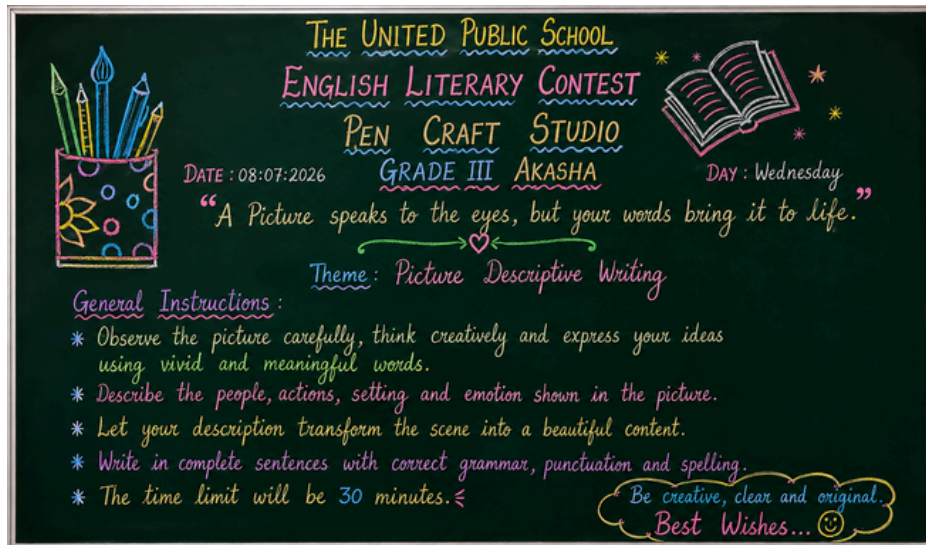

The second phase, held on **11th July 2026**, featured interactive speaking and storytelling activities. Grade 2 students narrated stories using stick puppets, while students from Grades 3 to 8 participated in Picture Card Storytelling, Emoji Storytelling, Think & Speak, Public Speaking, Elocution, Extempore, and Voice Over.

The contest encouraged students to think independently, express ideas effectively, enrich their vocabulary, develop stage confidence, and explore different forms of literary expression. It was an enriching celebration of language, imagination, and young talent.

Seeds of Wisdom: “Every word is a step towards excellence.”

LITERARY CONTEST -

Seeds of Wisdom: "Let your ideas speak and your creativity shine."

SENIOR SECONDARY SCHOOL: **CAREER PATHWAY**

A career pathway helps students discover their interests, strengths, and goals.

It provides clear direction, builds skills, and opens doors to the right opportunities.

It empowers students to make informed choices and build a successful future.

ALUMNA TALK

As part of our Alumna Talk Series, The United Public School had the privilege of welcoming two distinguished alumni who returned to their alma mater to interact with the senior secondary students and share valuable experiences from their academic and professional journeys.

The Alumna Talk Series aims to create a meaningful platform where former students can reconnect with the school community, inspire the next generation, and provide practical guidance on higher education, career opportunities, personal growth, and the challenges involved in building a successful future. Through these interactions, students gain first-hand knowledge and a clearer understanding of the diverse pathways available after school.

On 1 July 2026, Ms. Karishma (BHMS) addressed the students on the occasion of National Doctors' Day. Drawing from her journey in the field of healthcare, she spoke about the responsibilities and values associated with the medical profession. She emphasized that becoming a healthcare professional requires not only academic excellence but also patience, empathy, discipline, compassion, and a genuine commitment to serving society.

Ms. Karishma (BHMS)

Ms. Archana, a B.Tech (ECE) – III Year student

On 20 July 2026, Ms. Archana, a B.Tech (ECE) – III Year student, interacted with the students of Grade XI & XII, sharing her journey from school to higher education. She spoke about engineering opportunities, college life, academic responsibilities, and the importance of developing the right mindset for future success.

She encouraged students to stay curious, strengthen their subject knowledge, explore their interests, and develop essential skills beyond textbooks. Emphasizing goal setting, time management, self-discipline, perseverance, and continuous learning, she motivated students to make the most of their school years and prepare confidently for higher education and future careers.

The interactive session inspired students to dream big, make informed career choices, and strive for excellence with determination and confidence.

Seeds of Wisdom: “Once a student, always a part of our story.”

VARAHI MYSTIC YOGA - 26th July, 2026

Varahi's Mystic Yoga, in association with United Educational Institutions, conducted the 20th Interstate Yoga Competition – 2026 on 26th July 2026. The event provided an inspiring platform for participants to demonstrate their flexibility, balance, concentration, discipline, and mastery of various yoga postures.

Our UPS students delivered an outstanding performance and bagged more than 30 prizes, bringing pride and recognition to the school. Their remarkable achievement reflected their consistent practice, dedication, confidence, and passion for yoga.

The competition highlighted the importance of yoga in promoting physical fitness, mental well-being, mindfulness, and inner harmony. It also encouraged students to embrace yoga as a way of life while fostering perseverance, discipline, and sportsmanship.

Seeds of Wisdom: “Yoga brings harmony to body, mind and soul.”

PERIODIC ASSESSMENT - I

EXAM & ENRICHMENT ACTIVITIES

The Periodic Assessment – I was conducted as an important part of the academic programme to assess students’ understanding, retention, application, and overall progress in the concepts taught during the term. The assessment encouraged students to revise systematically, organize their learning, and approach examinations with confidence and responsibility.

Along with the written examinations, a series of Enrichment Activities were organized across different subjects to extend learning beyond textbooks. These activities gave students opportunities to explore concepts through creative tasks, presentations, projects, hands-on experiences, language activities, problem-solving exercises, and collaborative learning.

The enrichment sessions helped students connect theoretical knowledge with practical application while nurturing creativity, critical thinking, communication, observation, analytical ability, teamwork, and self-expression.

Together, the Periodic Assessment – I and Enrichment Activities promoted a balanced approach to education by combining academic evaluation with experiential learning. The programme reinforced the school’s commitment to developing confident, curious, independent, and well-rounded learners who are prepared to apply their knowledge meaningfully in real-life situations.

Seeds of Wisdom: “Success begins with preparation.”

Staff Spotlight: ROBOTICS WORKSHOP

Empowering Educators with Future-Ready Skills

The United Public School organized a Robotics Workshop for its teaching faculty on **26th June 2026**, to strengthen technology-integrated teaching and promote innovation in the classroom. The hands-on training introduced teachers to the fundamentals of robotics, automation, coding, sensors, and STEM-based learning methodologies.

During the workshop, educators explored practical applications of robotics through interactive demonstrations and collaborative activities. The session enhanced their understanding of experiential learning and equipped them with the skills to inspire creativity, critical thinking, and problem-solving among students.

The workshop reflected UPS's commitment to continuous professional development, ensuring that our teachers remain future-ready facilitators of 21st-century education.

Seeds of Wisdom: “When teachers learn, students are empowered to innovate.”

Staff Spotlight: Birthday Celebration

The United Public School joyfully celebrated the birthdays of our staff members born in **June** with a delightful cake-cutting ceremony, a warm get-together, and thoughtful gifts.

The celebration reflected our gratitude and appreciation for the dedication and commitment of our teaching and non-teaching staff, making the day truly memorable.
